PROFESSIONAL SUMMARY

Final-year **Computer Engineering** student at **Pharos University in Alexandria** with hands-on experience in **Frontend Development** and **Manual Software Testing**. Skilled in **React.js**, **Next.js**, **JavaScript**, **TypeScript**, **PHP**, **Laravel**, and **REST APIs**, with experience building responsive web applications and collaborating on real-world projects.

PROFESSIONAL EXPERIENCE

Pyramakerz Technologies	
Frontend Developer - Developed web applications using PHP, Laravel, Blade, JavaScript, CSS, and SCSS. - Developed and maintained frontend features for a mathematics educational platform. - Built responsive user interfaces and integrated features with REST APIs and existing backend services. - Customized Alpha and ClicknmakeCMS codebases and resolved frontend issues.	02/2026 – Present Alexandria, Egypt
Software Tester - Performed manual testing and executed functional test cases for web applications. - Identified, documented, and reported UI and functional bugs. - Performed regression testing and verified bug fixes with developers.	10/2025 – 02/2026 Alexandria, Egypt
Information Technology Intern , <i>Alexandria Mineral Oils Co. (AMOC)</i> - Gained practical exposure to IT infrastructure, networking, cybersecurity, and firewalls. - Learned about network architecture, traffic separation, and Data Center infrastructure. - Worked with SAP/ERP systems and Microsoft Excel for structured data management.	08/2026 – 08/2026 Alexandria, Egypt

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Python, C++, C, Java, PHP
Frontend Development: React.js, Next.js, HTML5, CSS3, jQuery, Blade
CSS & UI Frameworks: Tailwind CSS, Bootstrap, SCSS
Backend & APIs: Laravel, REST APIs
Testing: Manual Testing, Test Cases, Bug Reporting, Regression Testing
Tools & Technologies: Git, GitHub, Postman, Local Storage
Web: Responsive Web Design, UI/UX

PROJECTS

E-Commerce Application - Built a responsive e-commerce application using React.js and Tailwind CSS. - Integrated REST APIs for product listing and user authentication. - Implemented shopping cart and product filtering functionality.	
Note App Technologies: React.js, React Router, Formik, Yup, Axios, Tailwind CSS - Built a responsive note-taking application with JWT authentication and CRUD functionality. - Integrated REST APIs using Axios and implemented form validation with Formik and Yup. - Used React Router for navigation and designed responsive UI with confirmation modals.	
Quiz App Technologies: JavaScript, HTML5, CSS3 - Developed an interactive quiz application using JavaScript, HTML5, and CSS3 with dynamic question rendering and answer selection. - Implemented score tracking, answer validation, question navigation, and quiz reset functionality. - Designed a responsive and user-friendly interface for an engaging quiz experience.	
Bookmark Manager Technologies: HTML5, CSS3, JavaScript (ES6), Bootstrap 5, Local Storage - Developed a responsive bookmark management web application using HTML, CSS, JavaScript, and Bootstrap. - Implemented CRUD functionality to add, view, and delete bookmarked websites. - Validated user input using Regular Expressions (Regex) and stored bookmarks using the browser's Local Storage API.
